

LUIS ELIEZER RIVERA GAMEZ

Computer Systems Engineering Student | Web Developer

Gomez Palacio, DGO | +52 871 563 7114 | leliezerrivera@gmail.com | github.com/LuisRivera-end | linkedin.com/in/luis-rivera-dev

PROFESSIONAL PROFILE

Computer Systems Engineering student with hands-on experience building full-stack web products for institutional and commercial projects. Specialized in Nuxt 3, Express.js, and relational databases, with a focus on clean software architecture, user experience, and collaborative version-controlled delivery.

EXPERIENCE

Junior Web Developer

Feb 2025 - May 2026

IT Soluciones - Remote

- Built responsive full-stack web applications for internal and commercial needs.
- Prototyped interfaces in Figma and integrated REST APIs into production-facing flows.

Web Developer

2026 - Present

Faculty of Health Sciences, Universidad Juarez del Estado de Durango (UJED)

- Built the public institutional portal and a role-based administration panel.
- Managed academic and institutional content through controlled editorial workflows.

EDUCATION

B.S. in Computer Systems Engineering

Present

Universidad Autonoma de la Laguna (UAL)

SELECTED PROJECTS

Smart Parking System | Queue and Ticketing System | VOSH Exam System
